

KEEP AMERICA BEAUTIFUL

Thank you for taking care of your community with this Team Up to Clean Up kit!

We're so excited that you're taking the time to clean and green your community with Keep America Beautiful. We hope this outing turns into a life-long passion for making a difference in your neighborhood, your city, in a park, or along a local waterway. At Keep America Beautiful, we strive to create beautiful communities and foster a healthier planet. You are helping us accomplish beautiful things, and we are so grateful.

In this box you will find all the tools that you need to carry out a community cleanup. Each box includes 25 individual cleanup kits along with an instructional flyer to help you plan your event. More materials are available for download, including a litter bingo card, a certificate of appreciation, an introductory video to get you started on your day, and more.

Team Up to Clean Up materials can be found online: [**https://kab.org/resources/team-up-to-clean-up-request/**](https://kab.org/resources/team-up-to-clean-up-request/)

Each of the cleanup kits in this box include:

- A litter picker that works well on big and small pieces of trash
- Gloves and a safety vest
- A carrying bag to hold the liners that are included inside (thread the drawstring through the holes in the bag to hold it in place)
- A cannister that fits in the outside pocket so that you can separate out cigarette waste and send it back for recycling. Get a FREE shipping label by scanning the QR code on the can.
- A scale to weigh the trash and recycling you collect, and report back to KAB so that we can track the impact your organization is making on the environment

Start your day by getting to know Keep America Beautiful a little bit better by watching this introductory video featuring KAB CEO Jenny Lawson: [**https://youtu.be/uPw2mWU5jOE**](https://youtu.be/uPw2mWU5jOE)

We hope this kit will allow you to get out there, have some fun, and get to know some of your colleagues and neighbors better. Share your success by taking pictures and posting them on social media. Please tag them with #DoBeautifulThings so that we can celebrate your good work, too!

When you're done for the day, report back on the work you did through this reporting website: [**https://bit.ly/TeamUptoCleanUp**](https://bit.ly/TeamUptoCleanUp)

If you forgot your scale or didn't get a chance to weigh and count each bag of litter, please estimate how much you picked up. We will combine reports from all sites and report back to your company organizer with the full impact of the work you've done. Every little bit matters, and we're thrilled you're taking part.

Now get out there and Do Beautiful Things!
