

## Tips for a Litter Cleanup

### 1. Prioritize Safety

**Gear Up:** Don't forget your gloves and sturdy, closed-toe shoes to stay safe and comfortable.

**Use the Right Tools:** A litter grabber or picker is super handy for reaching trash without touching it directly.

**Be Careful with Dangerous Items:** If you spot needles, broken glass, or other hazardous materials, leave them alone and report them to local authorities if needed. Safety first!

### 2. Sort as You Go

**Bring a Couple of Bags:** Keep separate bags for recyclables (like bottles and cans) and general trash. It makes cleanup and disposal a breeze!

**Know the Rules:** Check out your local recycling guidelines to make sure you're sorting everything properly.

### 3. Work Smart, Not Hard

**Start Small:** Focus on one area at a time—it's less overwhelming and still makes a big impact.

**Team Up:** Grab a buddy or two to cover more ground and make it more fun!

**Stick to a System:** Try working in a grid or straight lines to be thorough and efficient.

### 4. Keep It Eco-Friendly

**Use Reusable Supplies:** Opt for reusable bags, buckets, or bins instead of disposable ones.

**Cut Down on Plastic:** Skip single-use gloves or plastic bags when you can.

### 5. Dispose of Trash Responsibly

**Drop It Off in the Right Place:** Take your collected litter to proper waste or recycling bins.

**Report the Big Stuff:** If you come across large or illegally dumped items, let your local waste management team know so they can handle it safely.

Your cleanup isn't just a local win—it's part of a bigger mission to create a cleaner, more sustainable America. Together, we're working toward picking up **25 billion pieces of litter** by America's 250th birthday! Thank you for stepping up and making a difference—you're helping to create a brighter future for us all! We want to hear from you – **use the QR code to let us know how much litter you have cleaned up:**
